

JOINT ADMISSIONS AND MATRICULATION BOARD (JAMB)

PROCEDURE FOR REGISTRATION

1. Profile Code Generation:

- Ensure your details on NIMC and others, i.e. O'Level / A-Level results, are the same.
- Send: NIN (leave one space) your 11-digit NIN NUMBER to 55019 or 66019. e.g. NIN 0000001111 to 55019/66019.
- Once a profile code is generated, it cannot be changed, and your biodata is automatically retrieved from NIMC.

2. Proceed to the nearest JAMB office or any approved CBT Centre to begin your registration.

3. E-PIN Vending:

Purchase your e-PIN from authorised channels only i.e. Banks, online platforms or Vendors at the Registration Centres.

4. Template:

Ensure that you are given the correct registration template to fill out.

5. Registration:

Cross-check details and ensure that all details are accurate before final submission by the Registrant at the Centre.

IMPORTANT TIPS

- Candidates should make all necessary corrections with NIMC early and confirm that the changes have been effected on their Portal before registration (e.g. Name, Date of Birth, Gender, State of Origin)
- GSM numbers and email addresses are unique identifiers, they cannot be changed or shared, and must be functional before the registration.
- Candidates who encounter biometric issues during registration should visit the nearest JAMB Office. Do not allow any CBT Centre register you forcefully.
- Ensure that a dual screen is used during registration, and confirm that your passport and biometrics are captured correctly.

COMMON CHALLENGES ENCOUNTERED DURING PROFILE CODE GENERATION

RECORD NOT FOUND

- Solution: Visit the nearest NIMC office for validation.

WRONG PARAMETER

The response indicates that the request was sent in an incorrect format.

- Solution: Resend the correct command, i.e. NIN 0000001111, to 55019/66019.

YOUR NIN (0000001111) HAS ALREADY BEEN REGISTERED WITH GSM NUMBER (070-----)

It indicates that you previously generated a profile code with the quoted GSM number and you can only receive the profile code through that same number.

- Solution: Retrieve the sim card and send the request using the phone number.

UNABLE TO VERIFY YOUR NIN AT THE MOMENT. [NIMC: UNKNOWN]

- Solution: Please wait and retry later.
